

EFG014341

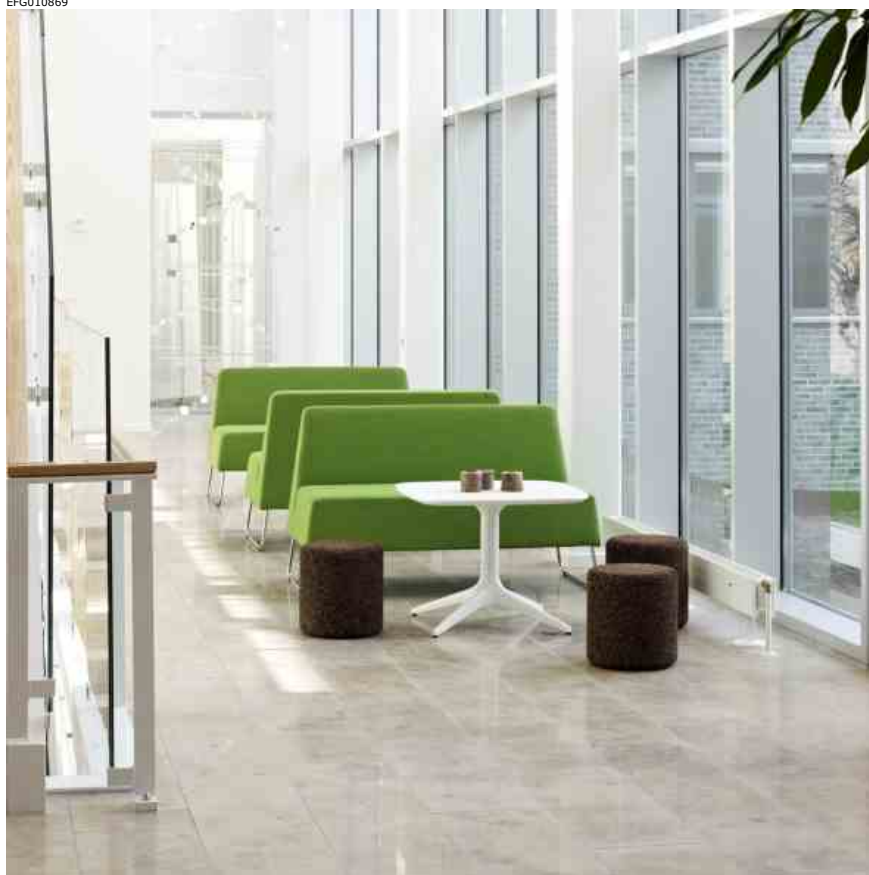

EFG HideTech

EFG HideTech tables are designed for a future where more and more time is spent in meetings, with technology accessed from the desktop via the next generation of cable management. New table top designs mean everyone can see and be seen.

Product info

- EFG HideTech has table tops with a core of 22 mm chipboard with straight edge or MDF core with bevelled edge. The tops are veneered with 0,6 mm in beech (R5), birch (B5) or ash white 2% (A2). 0,7 mm white high pressure laminate HPL (HV). Linoleum (D4) or MFC (MA, MB, MR, ME, MV, M6).
- The tables are available with or without cable lids. In addition, the plain tops can be fitted with inserted electrical sockets. The tables with cable lids feature a connection box measuring 200 mm wide by 140 mm deep with length adapted to suit, and a magnetic lock cover. The box accommodates outlets for various kinds of connections. Connections: power, data, HDMI, VGA, USB, mini-jack (common analogue audio connector for headphones, for example). HDMI: High Definition Multimedia Interface for transmitting uncompressed audio/video digital data in the same cable. VGA: Video Graphics Array is a standard for video cards with 16 colours and a maximum resolution of 640x480 pixels. VGA also denotes the connector used to plug a graphics card to a computer screen. USB: Universal Standard Bus is a rectangular connection generally used for connecting computer peripherals.
- Metal frame available lacquered in black (52), white (53) or polished aluminium (95). Decor rings and uprights have the same finish as the frame, with the exception of the polished finish, which has anthracite decor rings and uprights in dark grey metallic structure finish (26), or chrome lacquer.
- Decor rings in cerise (51), black (52), white (53) and anthracite (50) available as options.
- Table heights: 520 mm, 720 mm, 910 mm and 1100 mm.
- Cables are channelled through the frame legs. The underside of the table is covered with recycled polyester fibresheet which prevents resonance from the table top and floor (does not apply to tables with column base).
- Guarantee: Five years warranty against defects resulting from faulty design, material or workmanship.
- Complies with established criteria for furniture eco-labelling. Minor deviations may occur.
- Certified by "Möbelfakta" for quality, environmental and Social responsibility.
- Tested according to: EN 15372:2008 and EN 1730:2000, level 2 General.
