

EFG012371

EFG Tab

EFG Tab is a unique desk screen which offers a multitude of colour combinations. EFG Tab was developed as a result of customer cases where the trend of using acoustic products as design pieces enhances the workplace. EFG Tab is available in a variety of sizes to suit your needs.

Product info

EFG Tab table screens are fabric covered and fits all tables without long bars. The screens are sound absorbent and provide privacy but still keep the benefits of a team office.

- Acoustic desk screen in three variants; single colour, two colour and single colour with stitching in contrasting colour. On the two colour option the same fabric should be used. On the single colour with stitching in contrasting colour select stitching colour from the Palermo fabric collection.
 - EFG Tab is available both with and without toolbar lacquered in white or silver. The toolbar can be complemented with a variety of accessories.
 - The desk screen is mounted under the table top with brackets, 2 or 3 are included dependent on length of screen, lacquered in dark grey metallic structure (26).
 - Desk screen with height 600 mm: Pre-drilled holes with fixed placement, height 400 or 450 mm over the table top, depending on which hole in the bracket is used for the M-screw. Can only be used for fixed table tops.
 - Desk screen with height 750 mm: Pre-drilled holes with fixed placement, height 550 or 600 mm over the table top, depending on which hole in the bracket is used for the M-screw. Can only be used for fixed table tops.
 - Desk screen with height 750 mm, free positioning: No pre-drilled holes, the desk screen has free positioning but with a maximum height of 600 mm over the table top. Can be used for fixed table tops, when the customer wants to choose their own height above the table top, and **SHOULD** be used for sliding table tops.
 - The screens fit both on the table's short and long side, but NB on EFG Izi tables the screens can only be mounted on the table's long side.
 - The screens are available in 8 width: 800, 900, 1000, 1200, 1400, 1600, 1800 and 2000 mm.
 - Thickness: +/- 35 mm, depending of thickness of the choosen fabric.
 - The screens are made out of 16 mm chipboard with 10 mm padding on each side.
 - Fabric requirement for 1 screen: 800 mm: 1,1 m, 900 mm: 1,2 m, 1000 mm: 1,32 m, 1200 mm: 1,37 m, 1400 mm: 1,53 m, 1600 mm: 1,68 m, 1800 mm: 1,88 m, 2000 mm: 2,3 m.
 - Guarantee: Five year warranty against defects resulting from faulty design, material or workmanship.
 - Complies with established criteria for furniture eco-labelling. Minor deviations may occur.
- EFG Tab fits on the long side on all EFG table tops (workstations) with the exception of Team Pro. EFG Tab fits on the short side of all EFG table tops with the exception of Team Pro and EFG Izi. Desk screen with height 750 mm, free positioning **SHOULD** be used for sliding table tops.
